Hi guys

thanks so much for this below! I showed to the client and he asked about the 3 ply protection masks. He is afraid that those are not hospital grade masks but rather masks the we are all wearing when we go outside now just to protect ourselves. They are not N95 quality correct? Is there some other PPE that can be substituted for that such as sterile gloves or gowns or anything else?
Please advise
Thanks

Marc

Please see the attached offer sheet and comment.

This offer proposal is only for your non-profit special request. Our freight carrier will work out internally with us on the cost of final shipping.

However, we wanted to keep the final cost to \$50,000

Thank you

Sincerely
